

SCHOOL REOPENING PLAN 2021-2022

Eastern Pulaski Community School Corporation

School Start Date:
August 11, 2021

Instruction:

All grade levels will be open for in-person learning five days per week. There will be no virtual option.

Water Bottles:

Students should bring their own (clear) water bottles, and filling stations will be available. Water fountains will not be available for traditional use.

Distance & Seating Charts:

Students will have assigned seats in the classroom, cafeteria, and bus. In the classroom, space will be maximized and students will face the same direction as much as possible.

Enhanced Cleaning:

Safe and effective cleaning products will be used daily on all high touch surfaces. Hand sanitizer stations are available throughout the buildings.

Masks & Quarantine:

Masks must be worn on school buses due to a federal mandate. CDC guidance recommends masks for individuals who are not vaccinated. The Eastern Pulaski Community School Corporation (EPCSC) is legally unable to require proof of vaccination among students and staff members. Therefore, it is up to individuals and families to determine whether they should wear a mask. EPCSC supports any individual who wears a mask and will not tolerate bullying based on an individual's vaccination status or mask-wearing preference.

EPCSC will follow CDC, local, and state health department guidance regarding quarantine/isolation protocols.
