

# PCSC-Effective 8/19/2021

## HELPFUL HINTS TO HELP US STAY IN SCHOOL

Plymouth Community School Corporation continues to work closely with the Marshall County Health Department to provide guidance with covid protocols. The changes that are being made at this time are due to the increase in our local positivity rate.

We want our students to be able to attend school each and every day. Please help us keep our classrooms open in-person.

### Sick students or pending COVID test.

If your student has covid-like symptoms, please keep them home. We ask that you provide medical documentation that states the symptoms are not covid related.

If there is someone in your home that has been tested and you are awaiting the results, please keep your student home.

If there is a positive case in the home and that person is unable to isolate, please keep your student at home.

### Quarantining and Close Contact Tracing

If your student has been exposed to a **positive** covid case:

- 1) unvaccinated students will need to quarantine.
- 2) vaccinated students will need to wear a mask.
- 3) vaccinated students that show symptoms will need to quarantine.
- 4) we will continue to have seating charts and assigned seating to assist with contact tracing.
- 5) social distancing for unmasked is 6 feet and 3 feet for those that are masked.

### MASKS

Masks are REQUIRED for all staff and students Kindergarten thru Twelfth grade at this time. We are currently experiencing a high positivity rate locally. We are hopeful that these numbers will decrease and we can reevaluate this current requirement.

Students are REQUIRED to wear a mask on the bus.

Masks are available at each building.

### STUDENT LEARNING

If your student is quarantined, they will have access to their classroom instruction.

Teachers will use their CANVAS page to post assignments. The teacher will work with the student(s) to identify how instruction will take place (live session or recorded lessons).

---

## CLEANING

We will continue to be diligent with our cleaning efforts. We will continue to clean high traffic areas throughout the day. Teachers have cleaning supplies in their classrooms to clean student work spaces.

## VISITORS

We continue to welcome visitors into our buildings. The number of visitors is limited. A visitor must prearrange/schedule their visit to the school with school administration. Visitors are required to wear masks while in our buildings.

## EVENTS

We will allow spectators into our hosted events. Our events may require different protocols depending on the covid positive situation in the county. At this time, indoor events require all attendees to wear a mask.

## QUESTIONS

If you have any questions pertaining to this information, please contact the school your student attends.
