**In-Person Learning & Brickie Virtual School: 2021-2022**

**BRICKIE**  
**2021-22**  
**FORWARD**

## 1. Addressing Community Spread in School City of Hobart Community (As guided by local Health Department, State Health Department, and CDC)

School City of Hobart (SCOH) will remain in compliance with the recommendations from the CDC/ Indiana Department of Health

[CDC Key TakeAways \(7-9-21\)](#)

[Indiana COVID-19 Dashboard and Map](#)

1. Students benefit from in-person learning, and safely returning to in-person instruction in the fall 2021 is a priority. The School City of Hobart will monitor data and be prepared to respond should community spread/outbreaks of COVID occur. The following is a summary of recommendations encouraged to be followed by the CDC and IDOH:
  - The CDC/IDOH encourages vaccination of staff and students as they become eligible for vaccination.
    - Vaccination is currently the leading public health prevention strategy to end the COVID-19 pandemic. Promoting vaccination can help schools safely return to in-person learning as well as extracurricular activities and sports.
  - The CDC/IDOH encourages and recommends the following for masks:
    - Wear a mask in public indoor settings in areas of substantial or high transmission
    - Wear a mask regardless of the level of transmission, particularly if they are immunocompromised or at increased risk for severe disease from COVID-19, or if they have someone in their household who is immunocompromised, at increased risk of severe disease or not fully vaccinated
    - If you have a known exposure to someone with suspected or confirmed COVID-19 to be tested 3-5 days after exposure, and to wear a mask in public indoor settings for 14 days or until they receive a negative test result
    - Recommends universal indoor masking for all teachers, staff, students and visitors to schools, regardless of vaccination status
  - The CDC recommends the following for social distancing:
    - CDC recommends schools maintain at least 3 feet of physical distance between students within classrooms, combined with indoor mask-wearing by people who are not fully vaccinated, to reduce transmission risk. When it is not possible to maintain a physical distance of at least 3 feet, such as when schools cannot fully re-open while maintaining these distances, it is especially important to layer multiple other prevention strategies, such as indoor masking.
  - The CDC/IDOH recommends the following preventive and mitigation strategies:
    - Screening testing, ventilation, handwashing and respiratory etiquette, staying home when sick and getting tested, contact tracing in combination with quarantine and isolation, and cleaning and disinfection are also important layers of prevention to keep schools safe.
    - Students, teachers, and staff should stay home when they have signs of any infectious illness and be referred to their healthcare provider for testing and care.
    - Many schools serve children under the age of 12 who are not eligible for vaccination at this time. Therefore, this guidance emphasizes implementing layered prevention strategies (e.g., using multiple prevention strategies together consistently) to protect people who are not fully vaccinated, including students, teachers, staff, and other members of their households.

## *Brickie Forward Plan 2021-22 (Page 3)*

- COVID-19 prevention strategies remain critical to protecting people, including students, teachers, and staff, who are not fully vaccinated, especially in areas of moderate-to-high community transmission levels.
  - Localities should monitor community transmission, vaccination coverage, screening testing, and occurrence of outbreaks to guide decisions on the level of layered prevention strategies (e.g., physical distancing, screening testing).
2. The School City of Hobart (SCOH) will implement the following guidelines:
- Mask wearing is recommended by the CDC/IDOH and is not required except for on buses at this time.
    - Masks can be worn by anyone.
    - Universal indoor masking for all teachers, staff and students, regardless of vaccination status is recommended, not required at this time.
    - Masks are required on buses by all people per federal mandate.
    - Masks should be carried at all times in case of need.
    - Masks are encouraged in crowded areas where distancing is limited.
    - In areas of substantial or high transmission, wearing a mask in public indoor settings is recommended, not required at this time.
    - Wearing a mask regardless of the level of transmission, particularly if they are immunocompromised or at increased risk for severe disease from COVID-19, or if they have someone in their household who is immunocompromised, at increased risk of severe disease or not fully vaccinated is recommended.
    - Enhanced precautions for early return of a quarantined individual will require masking on days 8-14.
    - SCOH will follow county guidance if traveling to a county with more stringent guidelines.
  - The SCOH will monitor community spread data of COVID which will guide changes for masking and follow guidelines required by governmental authorities.
  - The SCOH will adhere to the 3ft of social distancing recommendations by the CDC and encourage mask wearing.
  - The SCOH will promote personal hygiene with the 3 Ws: Know when to wear a mask, Wash your hands, Watch your distance.
  - The SCOH requires reporting of ALL COVID –19 cases to the building nurse ([nurse@hobart.k12.in.us](mailto:nurse@hobart.k12.in.us)).
  - The SCOH will continue contact tracing in the school environment.
  - The SCOH will use BinaxNOW testing at school for symptomatic students/staff and encourage PCR COVID testing when necessary.
  - The SCOH will follow current CDC/IDOH recommendations for quarantine and isolation cases.

### Contact Tracing:

- People are encouraged to wear masks as recommended by the CDC/IDOH.
- School City of Hobart will contact trace at 6ft.
- **Individuals who are fully vaccinated do not need to quarantine, but should continue to monitor daily for symptoms and report them to the school nurse.**
- Assigned seats and seating charts must be maintained in all classes, lunch rooms, and buses.

## Brickie Forward Plan 2021-22 (Page 4)

# THE SCHOOL CITY OF HOBART IS MOVING FORWARD.... **BRICKIE FORWARD** Top 5!

THE SCHOOL CITY OF HOBART (SCOH) WILL IMPLEMENT THE FOLLOWING GUIDELINES:

## #1 MASK WEARING IS RECOMMENDED BY THE CDC/IDOH & IS NOT REQUIRED EXCEPT FOR ON BUSES AT THIS TIME.

- Masks can be worn by anyone.
  - Universal indoor masking for all teachers, staff, and students, regardless of vaccination status is recommended, but not required at this time.
  - Masks are required on buses by all people per federal mandate.
  - Masks should be carried at all times in cases of need.
  - Masks are encouraged in crowded areas where distancing is limited.
  - In areas of substantial or high transmission, wearing a mask in public indoor settings is recommended, not required at this time.
  - Wearing a mask regardless of the level of transmission, particularly if they are immunocompromised or at increased risk for severe disease from COVID-19, or if they have someone in their household who is immunocompromised, at increased risk of severe disease or not fully vaccinated is recommended.
  - Enhanced precautions for early return of a quarantined individual will require masking on days 8-14.
  - SCOH will follow county guidance if traveling to a county with more stringent guidelines. Individuals who are fully vaccinated do not need to quarantine, but should continue to monitor daily for symptoms and report them to the school nurse.
- \* SCOH will monitor community spread data of COVID which will guide changes for masking and follow guidelines required by governmental authorities.

FACE MASKS ARE REQUIRED FOR VISITORS DUE TO CLOSE CONTACT TRACING LIMITATIONS

CDC Centers for Disease Control and Prevention

ALL MY LIFE, I WANT TO BE A BRICKIE! WORK! WORK! WORK!

### I PLEDGE TO PROTECT BRICKIES

VISIT US @: [WWW.HOBART.K12.IN.US/BRICKIEFORWARD](http://WWW.HOBART.K12.IN.US/BRICKIEFORWARD)

## #2 KNOW THE SYMPTOMS!

- Temperature 100.4 degrees Fahrenheit or higher when taken by mouth.
- Sore throat
- New uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline)
- Diarrhea, vomiting, or abdominal pain
- New onset of severe headache, especially with a fever.

## #3 SELF-SCREEN & COMMUNICATE WITH THE SCHOOL

- In Skyward, parents need to report the conditions when calling off a child.
- Parents will utilize the Absence Requests section in Skyward.
- Parents will have options to select the symptom(s) a child is exhibiting or have an opportunity to explain such symptoms as they relate to a known medical condition.
- Contact the SCOH nurse if there are COVID symptoms at [nurse@hobart.k12.in.us](mailto:nurse@hobart.k12.in.us).

## #4 PRACTICE GOOD HYGIENE

Teach the importance of not touching your face. Teach and reinforce good hygiene practices like hand washing, using hand sanitizer, covering sneezes/coughs, and keeping one's hands to them self. Teach the proper storage of a mask in case it is needed.

## #5 COVID-19 SYMPTOMATIC, POSITIVE TEST EXPOSURE, ASYMPTOMATIC, RETURN TO SCHOOL RULES : INDIVIDUALS WHO ARE FULLY VACCINATED DO NOT NEED TO QUARANTINE, BUT SHOULD CONTINUE TO MONITOR DAILY FOR SYMPTOMS AND REPORT THEM TO THE SCHOOL NURSE.

Rules are recommended from the CDC and the Indiana State Department of Health. Contact the SCOH nurse to find out the specifics for your circumstances which include the following:

- Quarantine and isolation rules
- BinaxNow Testing at the school with parent permission for an Early Return to school if negative
- Enhanced precautions for early return to school - will require masking on days 8-14

Your school nurse can explain the rules for student/staff depending on the situation. Contact the nurse at [nurse@hobart.k12.in.us](mailto:nurse@hobart.k12.in.us).

### Conditions for Quarantine:

- Individuals who are fully vaccinated do not need to quarantine, but should continue to monitor daily for symptoms and report them to the school nurse.
- People are encouraged to wear masks as recommended by the CDC/IDOH.
- School City of Hobart will contact trace at 6ft.
- Assigned seats and seating charts must be maintained in all classes, lunchrooms, and buses.
- Close Contact:** An individual who was within 6 feet of a person diagnosed with COVID-19 for a total of 15 minutes or more over a 24-hour period.
  - This applies regardless of whether either person was wearing a mask except in the following situations: All students are masked and are 3ft. or more apart in a classroom; or students are 6ft. or more apart in all other school day settings.
- Quarantine must be used for unvaccinated students, teachers, and staff who have been exposed to someone with COVID-19. Close contacts should quarantine unless they are fully vaccinated, or have tested positive in the last three months, or do not have any symptoms.
  - All fully vaccinated people who remain asymptomatic (even if a close contact) do not need to quarantine but should monitor for symptoms for 14 days following exposure.
  - Enhanced precautions for early return of a quarantined individual will require masking on days 8-14.

## 4. IMPLEMENT PERSONAL HEALTH SAFETY PRACTICES AND PROTOCOLS

<p><b>Know the Symptoms and Self Screen Daily</b></p>	<p>Unless or until otherwise noted by the governing parties, the following safety practices are required to participate in the 2021-22 school year:</p> <p>Students and employees will be excluded from on-campus instruction if they test positive for COVID-19 or exhibit one or more of the symptoms of COVID-19 based on CDC Guidance that is not otherwise explained by a known medical condition. <i>Examples: Difficulty breathing is related to known asthma and allergies, muscle pain due to known injury from athletics, or headaches due to migraines. Family healthcare providers may need to provide assistance.</i></p> <p><b>Student Attendance MUST be reported in Skyward, and COVID-19 Symptoms MUST be reported to <a href="mailto:nurse@hobart.k12.in.us">nurse@hobart.k12.in.us</a>.</b></p> <ul style="list-style-type: none"><li>• <b>Staff and students/families must self-screen for symptoms of COVID-19 before coming to school.</b></li></ul>	<p><b>Resources:</b></p> <p><a href="#">Daily Parent Screening Tool</a></p>
---	--	---

## Brickie Forward Plan 2021-22 (Page 7)

	<ul style="list-style-type: none"> <li><u>In Skyward, parents will need to report the conditions when calling off a child. To do so, parents will utilize the Absence Requests section in Skyward. In doing so, parents will have options to select the symptom(s) a child is exhibiting and/or have an opportunity to explain such symptoms as they relate to a known medical condition.</u></li> <li><u>Staff and students must communicate information to the school when symptomatic or exposed to a COVID-19 positive test. COVID-19 Symptoms MUST be reported to <a href="mailto:nurse@hobart.k12.in.us">nurse@hobart.k12.in.us</a></u></li> <li>Students and employees exhibiting symptoms of COVID-19 without being otherwise explained by a known medical condition are prohibited from coming to school. If they do come to school, they will be sent home immediately.</li> </ul>	
Masks, Social Distancing, Good Hygiene, & Personal Space and Large Group Gatherings	<p>Recommendations from the CDC/Indiana Department of Health will be encouraged to follow as guidelines for the SCOH's policies on health and safety matters for the 2021-22 school year.</p> <ul style="list-style-type: none"> <li><u>The SCOH will encourage people to follow the recommendations of the Indiana Department of Health's guidelines pertaining to wearing masks (they are not mandatory at this time).</u></li> <li><u>These are the IDOH recommendations that are encouraged to be followed:</u></li> </ul> <div style="border: 1px solid black; padding: 10px; margin-top: 10px;"> <p style="text-align: center;"><b>Multiple Layers Improve Success</b></p> <p>The Swiss Cheese Respiratory Pandemic Defense recognizes that no single intervention is perfect at preventing the spread of the coronavirus. Each intervention (layer) has holes.</p> <p style="text-align: center;">Source: Adapted from Ian M. Mackay (<a href="http://virologydownunder.com">virologydownunder.com</a>) and James T. Reason. Illustration by Rose Wong</p> <p style="text-align: center;"></p> </div>	<p><b>Resources:</b></p> <p>IDOH Recommendations on Masks and Social Distancing</p>

## Remember MASK

**M** – Minimize risk by getting vaccinated

**A** – Anyone fully vaccinated can resume most normal activities

**S** – Stay aware of local requirements

**K** – Keep taking precautions if you're unvaccinated

<https://publichealthcollaborative.org/wp-content/uploads/2021/06/MASK-Guidance.pdf>

### Masking/Face Coverings

- Indoors: IDOH strongly recommends masks for all individuals in the K-12 school environment (whether or not they are fully vaccinated) in alignment with CDC guidance
  - This change aligns with the American Academy of Pediatrics
- Consider masking outdoors if:
  - You are at risk for illness
  - You are in a crowded environment and unable to physically distance
  - You feel more comfortable wearing your mask

<https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/k-12-guidance.html>

- In summary, the guidelines are as follows:
- Mask wearing is recommended by the CDC/IDOH and is not required except for on buses at this time.
  - Masks can be worn by anyone.
  - Universal indoor masking for all teachers, staff and students, regardless of vaccination status is recommended, not required at this time.
  - Masks are required on buses by all people per federal mandate.
  - Masks should be carried at all times in case of need.
  - Masks are encouraged in crowded areas where distancing is limited.

- In areas of substantial or high transmission, wearing a mask in public indoor settings is recommended, not required at this time.
- Wearing a mask regardless of the level of transmission, particularly if they are immunocompromised or at increased risk for severe disease from COVID-19, or if they have someone in their household who is immunocompromised, at increased risk of severe disease or not fully vaccinated is recommended.
- Enhanced precautions for early return of a quarantined individual will require masking on days 8-14.
- SCOH will follow county guidance if traveling to a county with more stringent guidelines.
- The SCOH will monitor community spread data of COVID which will guide changes for masking and follow guidelines required by governmental authorities.

## FACE MASKS ARE RECOMMENDED by the CDC / IDOH

**FACE MASKS ARE REQUIRED FOR VISITORS  
DUE TO CLOSE CONTACT TRACING LIMITATIONS**

**MASKS REQUIRED ON BUSES DUE TO FEDERAL MANDATE**

**CDC** Centers for Disease Control and Prevention

**Indiana Department of Health**

- The SCOH will adhere to the 3ft of social distancing recommendations by the CDC and encourage mask wearing for 3ft or less of social distancing.

**SCOH will continue promoting good hygiene and keeping one's personal space clear by emphasizing the following 3 Ws:**

- **Know when to WEAR a mask. (CARRY A MASK)**
- **WASH your hands (DON'T TOUCH YOUR FACE)**

## Brickie Forward Plan 2021-22 (Page 10)

<b>Exclusion From School and Return to School</b>	<p><b>1. Contract tracing recommendations are as follows:</b></p> <ul style="list-style-type: none"> <li>• People are encouraged to wear masks as recommended by the CDC/IDOH.</li> <li>• School City of Hobart will contact trace at 6ft.</li> <li>• Individuals who are fully vaccinated do not need to quarantine, but should continue to monitor daily for symptoms and report them to the school nurse.</li> <li>• Assigned seats and seating charts must be maintained in all classes, lunch rooms, and buses.</li> </ul> <h3 style="text-align: center;"><b>Close Contact Definitions and Guidance</b></h3> <ul style="list-style-type: none"> <li>• An individual who was within 6 feet of a person diagnosed with COVID-19 for a total of 15 minutes or more over a 24-hour period.</li> <li>• The definition applies regardless of whether either person was wearing a mask except in the following situations:       <ul style="list-style-type: none"> <li>• If all students are masked and receiving education during the school day – 3 feet or more of distance can be used to begin contact tracing if a positive case is identified</li> <li>• In all other school day situations, use 6 feet as the threshold for contact tracing if a positive case is identified</li> </ul> </li> </ul> <p>NOTE: All close contacts should be entered into the <a href="#">Gateway portal</a> (even if vaccinated). This provides consistent reporting in case of an outbreak.</p> <p style="text-align: right;">32</p>

**2. Quarantine and Isolation is as follows:**

## Quarantine

---

**Quarantine** must be used for unvaccinated students, teachers, and staff who have been exposed to someone with COVID-19. Close contacts, identified through contact tracing, should quarantine unless they are fully vaccinated, or have tested positive in the last 3 months, and do not have any symptoms.

- Students, teachers, and staff who are in quarantine should stay home and follow the direction of the local public health department about when it is safe for them to be around others.
- All fully vaccinated individuals who remain asymptomatic (even if a close contact) do not need to quarantine but should monitor for symptoms throughout the 14 days following their exposure.
- **As of July 27**, CDC recommends fully vaccinated people who have a known exposure to someone with suspected or confirmed COVID-19 be tested 3-5 days after exposure and wear a mask in public indoor settings for 14 days or until they receive a negative test result.

---

<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html>

## Isolation

---

**Isolation** should be used for individuals with COVID-19 illness to separate them from those who are not infected (even at home).

- At home, anyone sick or infectious should separate from others, stay in a specific “sick room” and use a separate bathroom if available.
- Stay home for at least 10 days following the onset of symptoms or a positive test result. Individuals may return after 10 days as long as symptoms are improving, and they are fever free for at least 24 hours without use of fever reducing medications.

---

<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/isolation.html>

## Brickie Forward Plan 2021-22 (Page 13)

### 3. Guidance for testing and quarantine options:

#### Guidance for Testing and Quarantine Options

- All fully vaccinated individuals who remain asymptomatic (even if a close contact) do not need to quarantine but should monitor for symptoms throughout the 14 days following their exposure.
- Close contacts who are unvaccinated MUST quarantine
- Options for quarantine
  - Asymptomatic close contact may return after Day 10 with enhanced precautions in place Days 11-14
  - Asymptomatic close contact may return after Day 8 with negative PCR on day 5,6, or 7 or negative BinaxNOW (if performed in your school) on Day 8. Continue enhanced precautions Days 8-14
  - Asymptomatic close contact return on Day 15. May return to all prior activities without enhanced precautions or testing

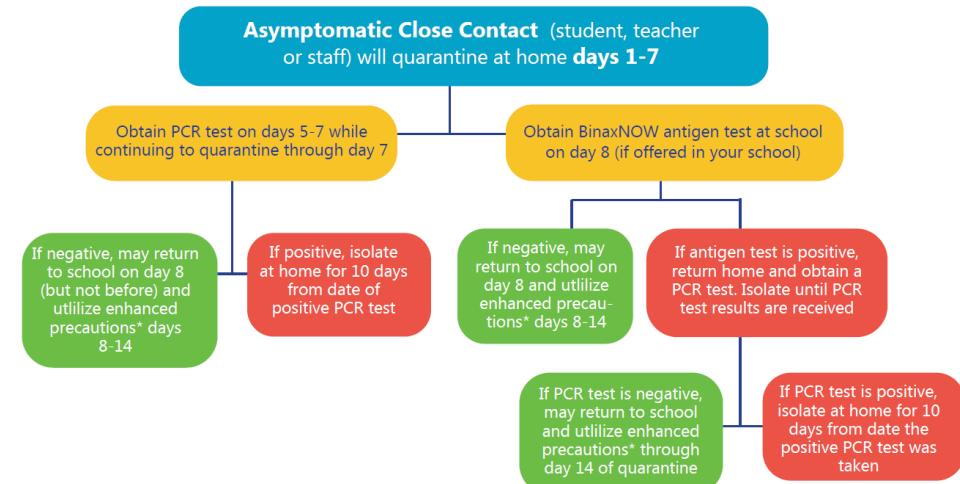

[https://www.coronavirus.in.gov/files/21\\_Decision%20Trees\\_2-4.pdf](https://www.coronavirus.in.gov/files/21_Decision%20Trees_2-4.pdf)

20

### 4. Asymptomatic Close Contact tracing is as follows:

RESOURCE: [https://www.coronavirus.in.gov/files/21\\_Decision%20Trees\\_2-4.pdf](https://www.coronavirus.in.gov/files/21_Decision%20Trees_2-4.pdf)

#### NOTES:

- Quarantine for 14 days remains the preferred option and is recommended by both the Centers for Disease Control and Prevention (CDC) and the Indiana Department of Health.
  - With Return on Day 8, residual post-quarantine transmission risk is estimated to be about 5% with an upper limit of 12%.
- Immediately isolate and seek testing if you develop symptoms at any time during the 14 days after your exposure to someone who tests positive for COVID-19.

## Brickie Forward Plan 2021-22 (Page 14)

	<p>5. Enhanced Precautions for Early Return is as follows:</p> <h3>Enhanced Precautions for Early Return</h3> <h4>Unvaccinated Individuals</h4> <ul style="list-style-type: none"><li>• <b>Masked</b> at all times on bus and during school day, no exceptions!</li><li>• <b>Distance</b> of at least 3 feet from others when <b>inside the classroom</b> while receiving instruction during the school day.</li><li>• <b>Lunch</b> to be eaten <b>separately</b> from others as mask will be off when eating. Remain 6 ft. from others, no exceptions.</li><li>• Prioritize hand hygiene</li><li>• Symptom monitoring daily by parents and if needed by school staff during the school day.<ul style="list-style-type: none"><li>◦ If ANY signs or symptoms of COVID – 19 are identified while at home, student/teacher/staff should NOT come to school.</li><li>◦ If symptoms develop during the school day, individual should be sent home as soon as possible.</li><li>◦ Individual should obtain a confirmatory PCR test.<ul style="list-style-type: none"><li>1) If PCR test is positive, begin 10 days of isolation starting from the date symptoms began.</li><li>2) If PCR test is negative, must complete remainder of 14-day quarantine at home.</li></ul></li></ul></li></ul>

<h2>5. ENACT HEALTH SAFETY CHANGES IN PHYSICAL SPACES, FOOD SERVICES, and TRANSPORTATION</h2>		
<p>Classrooms, cafeterias, gymnasiums, etc. will be adjusted to allow for safe</p>	<p>Recommendations will come from the Indiana Department of Health (IDOH). Additionally, the Lake County Board of Health (LCBH) will drive local plans concerning the enactment of health safety measures and protocols.</p> <p>Masks:</p> <ul style="list-style-type: none"><li>• Mask guidelines will be encouraged to be followed as</li></ul>	<p><b>Resources:</b></p> <p>CDC</p> <p>Governor's Executive Orders</p> <p>PPE</p>

## Brickie Forward Plan 2021-22 (Page 15)

**social distancing, with an enhanced commitment to the health and safety of our school community.**

recommended by the CDC/IDOH. Universal indoor masking for all teachers, staff, students and visitors to schools, regardless of vaccination status is recommended, not required at this time. See Section #4 Above.

- Masks are required on buses per the Federal Government.
- Additional PPE can be requested such as a face shield or plexiglass barrier.

### Social Distancing Recommendations:

- The SCOH will adhere to the 3ft of social distancing recommendations by the CDC and encourage mask wearing for 3ft or less of social distancing.
  - The IDOH's recommendation is to social distance 6 feet in higher-risk classrooms such as choir, band, and PE.

### Social distance recommendations that are encouraged to be followed by the IDOH for unvaccinated people include:

- At least 6 feet of distance:
  - Between adults in the school building and between adults and students
  - Extra-curricular and venues for events

### Food Service and School Meal recommendations are as follows:

#### Food Service and School Meals

- Maximize physical distance as much as possible when moving through the food service line and while eating (especially indoors). Using additional spaces outside of the cafeteria for mealtime seating such as the gymnasium or outdoor seating can help facilitate distancing. Note: students, teachers, and staff who are fully vaccinated do not need to distance while eating.
- Given very low risk of transmission from surfaces and shared objects, there is no need to limit food service approaches to single use items and packaged meals.
- Clean frequently touched surfaces. Surfaces that come in contact with food should be washed, rinsed, and sanitized before and after meals.
- Promote hand washing before, after, and during shifts, before and after eating, after using the toilet, and after handling garbage, dirty dishes, or removing gloves.
- Improve ventilation in food preparation, service, and seating areas.
- U.S. Department of Agriculture has issued several Child Nutrition COVID-19 Waivers.

<https://www.fns.usda.gov/programs/fns-disaster-assistance/fns-responds-covid-19/child-nutrition-covid-19-waivers>

<https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/k-12-guidance.html>

29

### Contact Tracing:

- People are encouraged to wear masks as recommended by the CDC/IDOH.
- School City of Hobart will contact trace at 6ft.
- Individuals who are fully vaccinated do not need to quarantine, but should continue to monitor daily for symptoms and report them to the school nurse.
- Assigned seats and seating charts must be maintained in all classes, lunch rooms, and buses.

## Brickie Forward Plan (2021-22) Updates

## Brickie Forward Plan 2021-22 (Page 21)

Updates to the Brickie Forward Plan: 2021-22	Section(s) of Update	Date Update Made
SCOH will remain in compliance with the recommendations from the Indiana Department of Health (IDOH last update 6-4-21), including SCOH's plans for monitoring data and being prepared to respond should community spread/outbreaks occur	Section 1	7.8.21
Added the encouragement of masks being worn following the updated IDOH's recommendations as of 6-4-21.	Section 2	7.8.21
Added the Indiana COVID Dashboard IDOH Weekly Updates to Resources	Section 2	7.8.21
Added the encouragement of masks being worn following the updated IDOH's recommendations as of 6-4-21.	Section 4	7.8.21
Added the graphic on Face Masks Recommended for Individuals who are not fully vaccinated	Section 4	7.8.21
Removed the Pre-K-12 Recommendations Based on Level of Community Spread Chart	Section 4	7.8.21
Added the IDOH's masking/face coverings update for Grades K-6 & 7-12	Section 4	7.8.21
Added the IDOH Recommendations on Masks and Social Distancing to the Resources.	Section 4	7.8.21
Added Masks are required on buses per federal requirements & Please carry a mask in case needed.	Section 4	7.8.21
Added: Masks guidelines will be encouraged to be followed as recommended by the IDOH.	Section 5	7.8.21
Updated Social Distancing recommendations as recommended by the IDOH	Section 5	7.8.21
Updated Contract Tracing recommendations as recommended by the IDOH	Section 5	7.8.21
Updated Physical Spaces recommendations as recommended by the IDOH	Section 5	7.8.21
"E-learning" removed from the "E-Learning and Brickie Virtual School" heading	Section 6	7.8.21
Added to the in-person learning section: Students who have to quarantine or isolate will use Canvas for the recorded teacher instruction.	Section 6	7.8.21
Changed Heading to include MTSS: "MTSS will be used to target interventions and supports."	Section 6	7.8.21
The updated language used for students with disabilities receiving specific targeted skills based on their plans.	Section 6	7.8.21
Added: Students with 504s will receive specific targeted skills based on their plan. The 504 committees will convene to discuss any concerns with regression and revise the plan	Section 6	7.8.21

## Brickie Forward Plan 2021-22 (Page 22)

accordingly.		
Updated: Staff and students are encouraged to follow any protocol changes guided by the Indiana Department of Health (IDOH).	Section 8	7.8.21
Removed the Pre-K-12 Recommendations Based on Level of Community Spread Chart	Section 9	7.8.21
Added CDC's updated key takeaways for K-12 Schools per the 7.9.21 news release, including a link to the takeaways	Section 1	7.9.21
Updated SCOH's implementation of the guidelines offering recommendations for mask-wearing according to the CDC's most recent updates, including the encouragement of unvaccinated people wearing masks.	Section 2	7.9.21
Removed: "The SCOH will require all parents, school visitors, and special guests to mask and physically distance when visiting the school." in lieu of the CDC's most recent update on 7.9.21	Section 2	7.9.21
Added clarifications on the community spread data of COVID which will guide changes for masking.	Section 1	7.9.21
Added clarifications on the social distancing recommendations according to the CDC's most recent guidance on 7.9.21	Section 1	7.9.21
Updated language used for promoting personal hygiene with the 3 Ws: Know when to wear a mask, Wash your hands, Watch your distance.	Section 1	7.9.21
Updated: All will practice critical personal safety practices, including encouraging face masks as recommended by the CDC/IDOH guidelines if unvaccinated	Section 2	7.9.21
Updated 3 W's Poster	Section 2	7.9.21
Updated The SCOH will encourage people to follow the recommendations of the Indiana Department of Health's guidelines pertaining to wearing masks (they are not mandatory at this time).	Section 4	7.9.21
Added CDC to the Resources	Section 2	7.9.21
Added CDC to the mask guidelines and resources	Section 5	7.9.21
Added Social Distancing Recommendations from the CDC's updated guidance on 7.9.21	Section 5	7.9.21
Added CDC to the protocol changes and resources	Section 8	7.9.21
Contact Tracing: Assigned seats and seating charts must be maintained in all classes, lunchrooms, and buses.	Section 5	7.9.21
Added updated Indiana Dept. of Health's Decision Tree for Symptomatic Teacher, Staff, or Student	Section 4	7.12.21

## Brickie Forward Plan 2021-22 (Page 23)

Added updated Indiana Dept. of Health's Decision Tree for Exclusion from School and Return to School	Section 4	7.12.21
Updated Mask graphics from IDOH	Section 4	7.15.21
Updated Isolation Area Guidelines	Section 4	7.15.21
Updated Guidance for Symptomatic Student or Staff	Section 4	7.15.21
Updated Guidance for Exclusion from and Return to School	Section 4	7.15.21
Added IDOH Cleaning Recommendations	Section 5	7.15.21
Updated social distancing recommendations	Section 5	7.15.21
Added Food Service Recommendations	Section 6	7.15.21
Added Close Contact Definition	Section 4	7.15.21
Added ECA Reference Links	Section 8	7.15.21
Added IDOH Mitigation Information	Section 9	7.15.21
Updated the Indiana State Department of Health (ISDH) references to the Indiana Department of Health (IDOH) throughout the plan per the IDOH's change in the acronym	Sections 1-10	7.15.21
Added: Masks are encouraged in crowded areas where distancing is limited. Masks can be worn by anyone. Enhanced precautions for early return of a quarantined individual will require masking on days 8-14.	Sections 1 & 4	7.22.21
Updated COVID-19 Symptomatic Will Be Isolated for Screening	Section 4	7.22.21
Exclusion From School: Added: School City of Hobart will contact trace at 6ft.	Sections 4 & 5	7.22.21
Added: School City of Hobart will limit non-essential visitors, volunteers and activities for external groups or individuals. If attendance is necessary at the school, masks will be required.	Section 2	7.22.21
Updated Mask Recommendations from CDC/IDOH 7.27 Update: Universal indoor masking for all teachers, staff, students and visitors to schools, regardless of vaccination status is recommended, not required at this time.	Section 1	8.1.21
Updated Mask Recommendations from CDC/IDOH 7.27 Update: Universal indoor masking for all teachers, staff, students and visitors to schools, regardless of vaccination status is recommended, not required at this time.	Section 4	8.1.21
Updated: The SCOH will adhere to the 3ft of social distancing recommendations by the CDC and encourage mask wearing.	Section 1	8.1.21

## *Brickie Forward Plan 2021-22 (Page 24)*

Updated: School City of Hobart will limit non-essential visitors, volunteers and activities for external groups or individuals. If attendance is necessary at the school, masks will be required due to close contact tracing limitations.	Section 2	8.1.21
Updated Quarantine and Isolation Images from IDOH	Sections 4 & 5	8.1.21
Updated: <ul style="list-style-type: none"><li>● People are encouraged to wear masks as recommended by the CDC/IDOH.</li><li>● School City of Hobart will contact trace at 6ft.</li><li>● Individuals who are fully vaccinated do not need to quarantine, but should continue to monitor daily for symptoms and report them to the school nurse.</li></ul>	Sections 4 & 5	8.1.21
Added Swiss Cheese Model for Mitigation Strategies	Section 4	8.1.21
Updated Contact Tracing Information	Section 4	8.1.21
Updated Top 5	Section 1	8.3.21
Replaced Masks Poster Image (Required on Buses per Federal Mandate)	Section 4	8.13.21
